CC-

Tomorrow, we have our church council meeting from 6:30 to 8:30 pm. Angie will send out the zoom meeting details. Please be praying for Pastor Bruce and his wife Sue. Sue has been in the ICU since Friday with serious issues stemming from her intestines. Her liver has failed. Her kidneys are struggling and yesterday she had to be put on a breathing tube. The situation is critical and your prayers are coveted.

Here is the agenda:

Open & Prayer - Jeff

Constitution - Matt

- Matt has been keeping a running list of changes/updates that need to be made to the constitution. It is a good thing to look at updating our constitution every 5-7 years. With many of the changes over the last year, this seems like a good time.
- Here is the REVISED VERSION of the doc. Matt, Jeff and Angie have made edits that need to be considered. There are comments beside each section explaining the reasoning.
- The quick list of the changes:
 - Mission and Vision update
 - Remove all things concerning Diaconate (it is not a functioning board)
 - Some redundancy issues
 - Updated Senior Pastor language to align with Unstuck language
 - Removal of Campus Pastors
 - Some Church Council clarity issues and term limits (strongly suggested by Unstuck)
 - Trustee update the number of members

Use of MPR - Rick

- Rick would like to take a few minutes to discuss some items concerning the MPR at Thornton.

Multisite Strategy Sprint - Matt

- In the last month Matt has had conversations with over 50 people about our Multisite Strategy - specific to Northglenn.
- He'll present the strategy for the Council to think and pray over in preparation of a yes/no vote at our April meeting.

Baptism - Matt

- One of the great things in this new year worth celebrating is that we are reaching our community! In the month of Feb, we had 31 people connect via our text line with the key words, New, Next, Jesus. The stuff we are doing is working!
- With the community showing up, many of the new people are taking steps toward Jesus. Believing and wanting to get baptized which is awesome.

- So the question is: How much behavior needs to change before we baptize someone?

Closing and Action Items - Jeff

*Financials will be sent by Chip.

Matt
