

Church Council Agenda 08-04-21

After being apart for the better part of a year, we are getting the band back together! Wednesday, we will meet IN PERSON at Thornton in the youth room for our Church Council meeting from 6:30 to 8:30 pm.

We will have a meal. Steve Shireman and Blessed BBQ is providing his out-of-this-world pulled pork for us. For the vegetarians, Loretta Dudley is delivering her delicious vegetarian lasagna. I got all the fixin's!

Here is the agenda for this month:

Open & Prayer - Jeff

Constitutional Changes - Matt

- Any new changes or suggestions that come in we will have for discussion.

Beyond Home Next Steps - Jeff

- Matt and Jeff have met with Karen from Beyond Home. We agreed that a great next step would be for Church Council and some of their team to get together to hear their vision for a campus on the north side and to start talking about what a partnership might look like.

New Building Policies - Angie

- We have new building policies for Northglenn and Thornton. Church Council has to approve any new policies for the church.

Brand/Logo Dispute - Matt/Michele

- There is a church in Arizona named Crossroads that has stolen our brand/logo. It has caused some trouble for us.
- We would like to get some direction from Church Council on how to handle it going forward.

Sermon on Sexual Theology- Matt

- Here is the latest draft of my Do.Justice sermon for this weekend on the topic of sex. I walked through it with some of the staff that went to the Posture Shift conference with me. I thought you should have eyes on it since it is such a divisive topic right now. You

are a commentator on the document which means you can give any feedback that you would like.
